The publication offers reviews of the agricultural and agrarian industries of Ukraine, reports from events. Publications on two websites and social networks and Internet channels.

Distributed at specialized exhibitions, Field Days, seminars and conferences, forums, agribusiness. The electronic version of the magazine is sent to 25 thousand email addresses in Ukraine.

Mailing by subscription via Ukrposhta and Nova Poshta. Target audience: agricultural enterprises, elevators, farmers, agricultural departments, enterprises and firms working in the agribusiness sector in all regions of Ukraine.

ALD ENGINEERING AND CONSTRUCTION LTD

78A Pivdenne Highway, of. 1, UA-69008 Zaporizhzhia, Ukraine

mob.: +38 067 734 13 72

e-mail: info@aldholding.com

www.aldholding.com

ALD Engineering Company has been operating in the industrial construction market since 2019. We specialize in turnkey projects in the heavy industry and energy sector — from concept to commissioning. For over 3 years, we have been developing high-quality solutions in the construction of mobile shelters for civil protection.

We create protective modules for various purposes:

- Above-ground — for temporary shelter in urban areas;
- Underground/semi-buried shelters for long-term stay of people;
- Commercial shelters — a safe space and a retail outlet in one module

The safety of the shelters is confirmed:

- ISO 9001:2015 certificates
- DSTU 9195:2022, TU U 23.6-43173964-005:2023;
- Certified by state testing institutes.

We test our designs twice:

- in the laboratory of the state institute — for resistance to excessive loads;
- at a training ground — in conditions close to combat operations.

www.ammolit.plus

Ammolit Plus is an Ukrainian manufacturer of high-quality accessories and technical solutions for equipment.

Ammolit Plus is an innovative Ukrainian company specializing in the development and production of accessories, buckles and functional components for tactical equipment, clothing, accessories and water transport.

The company combines its own design office, a plastic injection molding shop and mold production, which allows for full control of the process — from the idea to the finished product.

Main areas:

- Tactical accessories under the AMM brand — for body armor, backpacks, pouches.
- Components for outdoor.
- Accessories for canoes, boats and kayaks — the BORIKA FASTen brand, known in Europe.

Advantages:

- High-quality technical polyamide, resistant to ultraviolet, dust, water, frost.
- Own production in Ukraine — quick response and flexibility in development.
- Cooperation with the military, clothing brands and outdoor manufacturers.

CHIP NEWS MAGAZINE

10 Vidradnyi Ave., UA-03061 Kyiv, Ukraine

e-mail: info@chipnews.com.ua

telegram: t.me/chipnewsua

www.chipnews.com.ua

CHIP NEWS is a scientific and technical magazine covering the electronics, electrical and automation industries. It publishes news, reviews and articles of a technical and advertising nature, covering all aspects of the production, supply and use of products related to these industries.

The magazine is intended for professional engineers of electronic and electrical equipment,

automation systems; technologists; specialists in the supply of components for production; CEOs of manufacturers and distributors.

With the beginning of a large-scale invasion CHIP NEWS is delivered in electronic form. Since 2023 the magazine is distributed free of charge.

The 4th issue of the magazine for 2025 has already been published. There are 2 options for downloading the issue, which differ only in size (quality of individual raster images).

10 Mb — <https://drive.google.com/file/d/1B9bTlzeFdQrU7rIQyMrEPttoRWa7AGv8/view?usp=sharing>

40 Mb — <https://drive.google.com/file/d/1cMFNYZojyCtGOBGEkKxIb8H2GcVXImnh/view?usp=sharing>

All links to websites in advertisements and business cards are active. Links to article pages are also active on the Table of Contents and on the cover. When viewing the file on a computer, please use a two-page view with a separate display of the title page. This is a wish for a more “realistic” display of the journal.

Distribution of the magazine is strongly encouraged!!!

Read with benefit and pleasure!

CIVIL DEFENCE CONSORTIUM

**93 Dmytro Yavornytskyi Ave., of. 530,
UA-49000 Dnipro, Ukraine
tel.: +38 056 790 05 79, +38 056 790 05 80

**CONSORTIUM
CIVIL DEFENCE**

Given the complexity of the tasks of targeted, guaranteed emergency population warning about air raids during the large-scale Russo-Ukrainian war, Ukrainian enterprises «BEESOFT», «FALCON-M» and «OZON S» founded the consortium «CIVIL DEFENSE», combining their comprehensive experience in implementing software and hardware solutions to ensure the safety of the population in emergency situations. The consortium «CIVIL DEFENSE» develops, manufactures, puts into operation and provides technical support of regional and local automated centralized emergency warning systems. The system's software and hardware complex includes indoor public space loudspeaker warning units, outdoor stationary and aircraft drone loudspeaker warning units, integration devices of TV and radio broadcasting networks for emergency warning systems, integration devices for advertising and information boards, as well as integration devices for loudspeaking and alarm systems. The specialists of the consortium have developed innovative organizational and technical solutions based on cloud computing to ensure the sustainability of warning systems during the large-scale war aiming at:

- rapid air raid warning of civilians in the immediate vicinity of the vast front line;
- continuous work during massive long-term electricity supply blackouts;
- resistance to specialized targeted attacks of Russians on data transmission networks, including GSM communication channels;
- defense against direct bombing of the areas where outdoor loudspeaker warning units are installed.

CIVIL PROTECTION (PROFI) MANAGER'S ASSOCIATION (CPPMAS) PUBLIC ORGANISATION

EDUCATIONAL AND SCIENTIFIC INSTITUTE OF AEROSPACE TECHNOLOGIES, KPI NAMED AFTER IGOR SIKORSKY STATE

**1 Profesor Pavlovskiy Str.,
UA-03056 Kyiv, Ukraine
tel.: +38 044 454 96 66
e-mail: iatd@kpi.ua
www.iat.kpi.ua**

EDUCATIONAL AND SCIENTIFIC INSTITUTE OF AEROSPACE TECHNOLOGIES OF KPI NAMED AFTER IGOR SIKORSKY trains specialists for the aerospace industry. For these purposes, it is necessary to create satellites and launch them into space. Several countries of the world that profess the so-called New Space concept are engaged in this. Ukraine should join them. Our main partner at the moment, the Firefly company (USA), will carry out the first launches of its own rockets this year. The company professes the New Space strategy — accessible space through the use of technical innovations. They have already conducted fire tests of their engine. Two rockets have already been developed — «Alpha» and «Beta». So the company is also interested in rocket engineers. Currently, the Institute trains specialists in two specialties. The first is specialty No. 134 «Aviation and rocket and space technology». The second specialty is No. 173 «Avionics» with an educational program — «Aircraft and Complex Control Systems».

ENERGY TRUST LTD

67 Beresteiskyi Ave., UA-03117 Kyiv, Ukraine

mob.: +38 098 180 20 80, +38 067 729 12 06

Expertus Okhorona Pratsi (Expertus Occupational Safety) is one of the directions of the Ukrainian digital publishing house Expertus. We create specialized digital products and publications for occupational safety professionals. We combine legislation and practice, the expertise of Ukrainian specialists, and global technologies.

- The «Occupational Safety Specialist's Guide» magazine delivers clear, practical answers to complex questions — in a language that's easy to understand.

- The Expertus Occupational Safety system gives you access to a comprehensive database of high-quality professional content. We collaborate with certified specialists, auditors, State Labor Service representatives, lawyers, and attorneys to deliver only verified and practical solutions.

An important part of our work is the Higher School of Occupational Safety, which offers three specialized programs:

- Professional Certification of Occupational Safety Specialists — 2025
- Fire Safety in the Workplace
- Enterprise Civil Protection System — 2025

These programs empower professionals to reach the highest standards, streamline preparation for State Emergency Service inspections, implement fire safety protocols, and develop all required documentation. Our experts from all over Ukraine are always by your side — whenever you need accurate, practical solutions.

The National University of Food Technologies is an educational and scientific complex, which has created a closed cycle of pre-university, graduate and postgraduate training and retraining of specialists. The complex includes 3 Educational and Scientific Institutes, 3 faculties, 2 Institutes of Postgraduate Education, 5 branches and 11 colleges, which are located in different cities of Ukraine. In total, about 20 thousand students and trainees acquire knowledge in our educational complex. 150 Doctors of Sciences, more than 480 Candidates of Sciences are involved in the educational.

NAZAR TUR, ENTREPRENEUR, EXPERT, AND THOUGHT LEADER IN FIRE SAFETY

Lviv, Ukraine

e-mail: rptb2020@gmail.com

YouTube: <https://www.youtube.com/@turnazarii>

Instagram: [@turnazar](https://www.instagram.com/turnazar)

Hi! My name is Nazar Tur — I'm an entrepreneur, athlete, and the host of a personal fire safety blog.

My mission is to make this field clear, accessible, and engaging for everyone — from everyday users to industry professionals.

I create video reviews, podcasts, and content about the latest technologies and solutions in fire protection. I visit manufactures, attend exhibitions, and talk to the people shaping the future of fire safety in Ukraine.

This blog is for those who want more than just compliance. It's a safe space for sharing experience, finding partnerships, and growing the industry together.

I believe fire safety should be discussed openly, in a modern way, without unnecessary bureaucracy. That's why I'm here — to connect, share, and build collaborations with those who care about it too.

NETWORKS AND BUSINESS, MAGAZINE

Networks and Business is a professional magazine about the Ukrainian ICT and electrical engineering market: analytical materials, annual market research, technological reviews, new developments, implemented projects.

Main thematic areas:

Technologies:

- Servers and SZD;
- Data center, «cloud services»;
- SOC and information security systems;
- Construction of wireless access networks (3G, CDMA, LTE, Wi-Fi);
- Solutions for building DWDM and CWDM networks;
- Outsourcing of operator networks;
- Operating support systems for communication operators (OSS);
- Equipment and access networks based on ADSL, PON, FTTx technologies;
- Power supply systems (UPS, battery, DGU) and automation;
- Renewable energy;
- Telephony, audio and video conferencing;
- Unified and Cloud communications;
- Structured cable systems and installation equipment;
- ACC and video surveillance;
- MFP, solutions for corporate printing;
- Navigation and monitoring systems.

Market:

- Analytical assessment of the market;
- Business strategy and tactics;
- Business practices;
- Market subjects;
- Expertise and examples of projects;
- Exchange of experience, weekdays of the distributor;
- From world practice;
- Market guide;
- Chronicle of events.

The subscription code is 23560.

Ukraine Construction — Your Reliable Partner in Reconstruction and Development!

The «Ukraine Construction» project (LLC «Ukraine Budivelna») is a diversified company operating in several key areas:

1. Advertising, Information Services & Digital Marketing

We provide advertising and informational services on our website and social media platforms, as well as comprehensive digital marketing solutions. Our project is evolving into a media resource covering crucial aspects of Ukraine's and the global construction industry. We are continuously expanding our website content and social media presence. Our team of marketing professionals, responsible for promoting the entire project, also offers expert digital marketing services to companies in the construction and related industries. Today, we provide a full range of marketing services to developers, architects, renovation firms, building material manufacturers and suppliers, equipment and machinery providers, energy companies, and more.

Our digital marketing specialists will develop and implement a tailored strategy for your business, leveraging the latest trends in marketing and analytics, backed by cutting-edge knowledge, skills, tools, and proven case studies. We also assist companies in building effective marketing and sales departments.

2. Construction & Renovation Services

Under this division, we offer construction and renovation services. Our team consists of specialists across various construction trades, ready to provide a customized proposal based on your request. Once a contract is signed, we will assemble a dedicated team to optimize costs, ensure high-quality work, and meet deadlines.

If needed, we can develop architectural or design plans, select the best (or most cost-effective) building and finishing materials, and assist with land allocation issues. Then, we will bring your project to life on schedule. Ukraine Construction provides a wide range of services—from small apartment renovations to private home construction, small architectural forms (SAFs), and industrial or commercial complexes.

3. Sales of Building & Related Materials

We are currently structuring this department and developing online resources. In this segment, we operate as an e-commerce platform and specialized marketplaces on social media.

4. Financial & Investment Consulting

As part of this service, we offer financial and investment consulting to both established companies and startups. We prepare internationally compliant business plans with modern financial models, develop advanced digital marketing strategies, and train clients in financial calculations. After the preparatory phase, we guide clients on where to seek funding for their existing or future business.

UKRAINIAN ARMOR LLC

94A Povitrianykh Syl Ave., UA-03151 Kyiv, Ukraine

tel.: +38 0 800 33 20 32

Метрологія для підприємства

спеціалізований електронний журнал для фахівців вимірювальних підрозділів та лабораторій на підприємствах

Щономера у фокусі:

- ✓ Зміни, доповнення, колізії метрологічного законодавства, перевірки Держпродспоживслужбою
- ✓ Повірка/калібрування/метрологічне підтвердження ЗВТ: що, коли, навіщо
- ✓ Підтвердження компетентності лабораторій: вимоги, зацікавлені сторони та «підводні камені»
- ✓ Формування системи забезпечення єдності вимірювань на вітчизняних підприємствах
- ✓ Вимоги до допоміжного обладнання підприємства: перевірка та супровідна документація
- ✓ ДСТУ EN ISO/IEC 17025:2019: «настільна книга» для акредитованих і неакредитованих лабораторій
- ✓ Розбір виробничих ситуацій у форматі «запитання – відповідь», аналіз міжнародних практик

Отримайте демодоступ і скористайтесь усіма перевагами е-журналу: mp.techmedia.com.ua

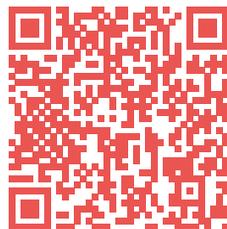

Передплатники видання отримують:

- ✓ Digital-версію журналу
- ✓ Зразки документації у зручному для редагування форматі
- ✓ Архів журналу з 2019 року
- ✓ Доступ до актуальної нормативно-правової бази та стандартів у сфері метрології

TRADE SHOW CALENDAR

October 14–16' 2025

XXII INTERNATIONAL TRADE FAIR **COMMUNTECH**

Energy- and resource saving technologies, equipment, materials for communal heat-power engineering, water supply and drainage systems, communal fund management and exploitation, machinery for municipal and special purpose, city transport, road traffic management technical devices, wastes of production and consumption, recycling, polygon management, ecology, amenitizing and municipal service in cities

THEMATIC SECTIONS OF THE SPECIALIZED EXPOSITION **POST & DELIVERY EXPO UA**

Postal delivery services, e-commerce, arrangement of post offices, warehouse equipment, conveyor systems, logistic equipment

XV INTERNATIONAL TRADE FAIR **ROADTECHEXPO**

Construction, reconstruction, repair and maintenance of motor roads, bridges and overpasses; road-building technique, special machinery, machines and mechanisms for building and maintenance of motor roads; materials and technologies; automotive parts to special machinery; road traffic safety devices; illumination of motor roads; careers and plants; roadside service; leasing service, renting of road-building technique

II INTERNATIONAL TRADE FAIR **AGROMACHINERY EXPO**

Machinery for tillage, sowing, fertilizing, chemical plant protection, harvesting, forage harvesting, product transportation, mounted and trailed equipment, components and spare parts for machinery

XXII INTERNATIONAL WATER FORUM **AQUA UKRAINE**

Water treatment, water supply, water removal, sewage treatment, sludge treatment, pumps, pipes and pipeline accessories, automation of management of water resources, exploration and extraction of groundwater, technologies and systems for water quality monitoring, protection of water resources, bottled water

XIV INTERNATIONAL TRADE FAIR **EUROBUILDEXPO**

Industrial and housing building, architecture and repair works, building technologies, materials and constructions, elevator equipment, machinery, equipment, instruments for building and repair works, climate equipment, sources of heating and hot water supply, sanitary engineering, intellectual technologies for the housing automation, elements and products of decoration

THEMATIC SECTIONS OF THE SPECIALIZED EXPOSITION **W&D EXPO**

Window systems, doors, fittings, components, decor

TRADE SHOW CALENDAR

October 14–16' 2025

XXII INTERNATIONAL TRADE FAIR **POWER ENGINEERING FOR INDUSTRY**

Electrical and energy equipment for power plants, substations, power transmission lines, heating networks, power supply systems for enterprises, industrial lighting, automation of technological production of energy and industrial facilities, cybersecurity

XVII INTERNATIONAL TRADE FAIR **ECOENERGY EXPO**

Equipment for solar and wind power plants, heat pump units, bioenergy technologies, cogeneration power plants, energy storage systems, inverters, batteries, generators, charging stations, LED lighting, electric transport, production ecology

VII INTERNATIONAL TRADE FAIR **ELECTRO INSTALL**

Low-voltage switching, protection, measurement, regulation, control, monitoring devices, cables, cable laying systems, electrical installation products, backup power, lightning protection systems, automation equipment, driving technology, automation of buildings and business

IV INTERNATIONAL TRADE FAIR **E-COMPS+DIGITEC**

Electronic components, integrated micro circuits, contract production, welding materials and equipment, optoelectronics, semiconductor technology, fiber optic networks, microprocessor devices, computing and information and measuring equipment, IoT devices, digital technologies

IX INTERNATIONAL TRADE FAIR **MINING & MINERALS EXPO**

Roadheading, extraction, longwall mining machinery; underground and open-pit mining special vehicles; conveyor systems; drilling tools; crushing, screening and mineral processing equipment; measurement devices; automation, communication, personal protection equipment

IX INTERNATIONAL TRADE FAIR **OILGASEXPO**

Drilling rigs, equipment for well operation and workover, pump and compressor equipment, oil and gas pipelines, valves, automation, control and measuring devices, oil and gas refining, oil and gas storages, environmental and fire safety
